

# Clean Out the Closet

## Clean Out the Closet Rules

- This game works best in a room with 4 walls
- Obtain an assortment of tennis balls—enough for 2 balls for every one student
- Divide the room into two halves with a marked center line
- Divide the players into two even groups
- Place ALL the tennis balls on the center line
- The object of this game is to keep as many tennis balls off your side as possible in a pre-determined amount of time—i.e. 60 sec, 2 minutes, 4 minutes, etc.
- Players MUST throw the tennis balls underhand—any overhand throws won't count and the offending player will have to sit out of the remainder of the round
- This is a great game for Kindergarten through Grade 2!
